

DULANA ABISHEKA

PROFILE

Undergraduate student pursuing a BSc in Artificial Intelligence and Robotics at SCU, with a strong passion for emerging technologies and intelligent systems. Self-motivated learner with hands-on knowledge in multiple programming languages acquired through independent study. Currently working as a Junior Operations Executive at a leading shipping agency in Sri Lanka, where I manage operational coordination, documentation, and logistics processes. Combining technical knowledge with real-world operational experience, I aim to contribute innovative and efficient solutions in dynamic environments.
